

Dual Degree Studies

The dual degree program is minimally a five-year course of study in which a student earns a bachelor degree from Manhattan Christian College and a bachelor degree from Kansas State University or an associate degree or certificate from Manhattan Area Technical College upon confirmation of the completion of all requirements at both institutions. Students in this program are equipped through MCC with a biblical foundation that will enable them to penetrate the world with the gospel of Jesus Christ. Students in this program are also equipped through KSU or MATC with a vocation that will enable them to go anywhere in the world and, as they do, to be Christian leaders both in the church and in their chosen profession.

Mission

The Dual Degree Studies Program exists to educate, equip, and enrich Christians to be leaders regardless of chosen profession, both in the workplace and the church.

Objectives

Students completing the requirements in Dual Degree will:

1. Develop skills in a chosen profession in which a Christian influence can be demonstrated.
2. Appreciate the opportunity to use Christian leadership skills both in the church and in any chosen profession.
