

COURSE DESCRIPTIONS

In order to provide clarity for both faculty, students and inquirers regarding the academic course offerings at Manhattan Christian College, a set of general guidelines have been established to use in determining the area of discipline, course structure, organization, and degree of difficulty or sophistication. The letters in the prefix relates to the area of discipline that course represents. The academic discipline areas at MCC are:

BIB	Bible	MAT	Math
CED	Christian Education	MIN	Ministry
CHR	Christian Service	MUS	Music
CHP	Chaplaincy	ORN	Orientation
CIS	Computing and Information Systems	PAS	Pastoral
COM	Communications	PHL	Philosophy
ECN	Economics	PSY	Psychology and Counseling
FST	Family Studies	SAN	Sociology and Anthropology
HIS	History	SCI	Science

The first number in the sequence designates the course level. The courses at MCC are developed based on the following guidelines:

Lower Division Courses are offered at the 100- and 200- levels while having the following characteristics:

- Lower division courses generally do not have college-level prerequisites unless there are courses taken in sequence such as Written Composition I and Written Composition II.
- Lower division courses usually are not limited to students majoring in the discipline in which the course is listed.
- Lower division courses primarily are introductory, survey, or basic concept oriented courses.
- Upper Division Courses are offered at the 300- and 400- levels while having the following characteristics:
- Upper division courses generally require substantial college-level preparation and/or prerequisites on the part of the student.
- Upper division courses usually are more specialized courses taken within the student's major field of study or emphasis.
- Upper division courses often provide a capstone experience.

Course Level Descriptions reflect levels of learning. In order to provide those descriptions, the principles of Bloom's Taxonomy are used as a basis. The following chart provides working guideline descriptions for each course level.

Level	Description	Bloom's Taxonomy
100	Initial immersion in the academic discipline without expectation of previous exposure at the college level	Knowledge and Comprehension
200	Secondary immersion in the academic discipline to provide more familiarity within that study	Knowledge, Comprehension, and Application
300	Deepened immersion with special attention to the application and analysis within the specific discipline	Knowledge, Comprehension, Application, and Analysis
400	Evaluative experience providing synthesis with the discipline through inquiry and methodology	Knowledge, Comprehension, Application, Analysis, Synthesis, and Evaluation

Assessment Language based on Bloom's Taxonomy and these levels of learning should use the following terminology:

Knowledge	Comprehension	Application	Analysis	Synthesis	Evaluation
List	Summarize	Solve	Analyze	Design	Evaluate
Name	Explain	Illustrate	Organize	Hypothesize	Choose
Identify	Interpret	Calculate	Deduce	Support	Estimate
Show	Describe	Use	Contrast	Schematize	Judge
Define	Compare	Interpret	Compare	Write	Defend
Recognize	Paraphrase	Relate	Distinguish	Report	Criticize
Recall	Differentiate	Manipulate	Discuss	Justify	
State	Demonstrate	Apply	Plan		
Visualize	Classify	Modify	Devise		

The second number in the sequence is a descriptor of the category within the discipline as designated in the prefix. For example, the "1" designates sociology and "2" designates anthropology in the SAN discipline.

The third number in the sequence describes whether the course is a foundational stand alone course which is designated with a "0" or a group of courses that are in sequence which is designated in numerical order.

The MCC academic calendar is based on semesters. Prerequisites may be waived by the instructor when a student has shown readiness. Courses and their descriptions, including frequency of the course offering, may change, be added or be deleted. A line schedule showing all courses, including a required textbook list, offered for a specific semester is published prior to preregistration for that semester. Courses with insufficient preregistration or registration may be canceled.
