- Disclose fire safety information related to student housing facilities.
 - Keep a fire log that is open to public inspection

MCC must inform prospective students and employees about the availability of the report.
 - Submit fire statistics to the Department of Education.

This document is intended to provide policy and procedural foundations to assure compliance with the Clery Act. This report is prepared in cooperation with Riley County Police Department, the Office of Student Life, and the Office of Financial & Administrative Services. Each entity provides updated crime statistics and information on their educational efforts and programs to comply with the Act. The Office of Student Life holds collecting and reporting responsibility to ensure the college is in compliance with the Act.

REPORTING CRIMINAL ACTIONS AND EMERGENCIES

Manhattan Christian College does not employ security or police personnel. MCC has a positive working relationship with the Riley County Police Department. Police officers regularly patrol the public areas adjacent to and running through the MCC campus.

Any member of the MCC community observing a crime in progress on campus or on public property adjacent to the campus should call 911. Suspicious behavior should be reported to the most appropriate MCC employee. For instance, a report of suspicious behavior in the student parking lot in the evening hours could be reported to a residence hall supervisor.

Within 24 hours of a reported incident as described above, or within 24 hours after becoming aware that a crime has occurred (for instance, an item taken from a room in a residence hall), a report should be made to one of the following individuals:

Vice President for Student Life: e-mail: rwright@mccks.edu
Phone number: 785-539-3571 ext. 330

Men's Residence Hall Supervisor: e-mail: steve.pearson@mccks.edu

Women's Residence Hall Supervisor: e-mail: allie.hammack@mccks.edu

VP for Financial & Administrative Services: e-mail: todd.lhuillier@mccks.edu
Phone number: 785-539-3571 ext. 306

Incidents may also be reported to residence hall assistants, sports team coaches, or any MCC employee with whom the student feels comfortable. All reports of incidents on campus are submitted to the Office of Student Life for action.

If you are the victim of a crime but do not wish to pursue action within MCC's disciplinary action system or the criminal justice system, you are still encouraged to file a report with one of the above named individuals. MCC will make every effort to maintain confidentiality and your report may ensure that similar crimes do not take place in the future. Reports filed in this manner are included in the college's annual crime report. Note that under the Clery Act, campus counselors are not required to report crimes of which they become aware while they are acting in a counselor capacity. Greg Delort has been designated as the campus counselor the purposes of Clery and Title IX reporting.

CAMPUS ACCESS AND SECURITY MEASURES

Manhattan Christian College strives to provide a safe and secure campus for our students and employees. Foundational to our positive outcomes is the expectation that all students and employees follow biblical standards of conduct and Christian ideals in the treatment of others. These principles are reinforced in the classroom and throughout campus activities. In addition there are several policies and programs to support a safe and secure environment including those detailed below.

ACCESS TO CAMPUS FACILITIES

During business hours, the college campus (excluding residence halls) is open to students, employees, and guests. During non-business hours, doors are to remain locked and entry is limited to those students and employees with key cards or keys and their guests. Access cards and keys should never be loaned to others. If a door is found to be unlocked during non-business hours, employees are expected to take appropriate measures to ensure the door is locked. Approximately two thirds of the exterior doors on campus facilities are secured through a key card system. Issues with the key card system and lost key cards should be reported to JT VanGilder (jt.vangilder@mccks.edu). Unlocked doors not on the key card system should be reported to mccmaintenance@mccks.edu.

Security lights are situated to provide low level lighting for individuals walking the campus at night. Maintenance employees inspect the lighting at a minimum of twice a month to identify and replace bulbs as needed. Nonfunctioning lights should be reported using the college's work order system: mccmaintenance@mccks.edu

SECURITY AWARENESS

Residence hall leaders educate their residents on basic common sense practices to promote personal safety. Practices such as walking in pairs at night, keeping to well-lit areas, asking visitors to identify themselves before providing access to buildings, never propping open exterior doors to residential areas and reporting a suspicious activity or person are stressed. Theft prevention practices include engraving valuable items, always locking bikes and cars, and locking room doors. This information is part of the new student orientation program at the beginning of each semester and is also incorporated into regular residence hall group meetings.

VEHICLE REGISTRATION

Manhattan Christian College provides vehicle parking on campus as a benefit to our employees and as a service to our students, visitors and guests. All vehicles parked on campus must be registered through Financial and Administrative Services and owners/drivers must follow the guidelines set forth in the "Parking Permit FAQs" document provided at the time a vehicle is registered. Permits for employees and temporary passes for guests are provided at no cost as part of the registration process. Student vehicles are registered on line at the time a parking permit is purchased. Non registered vehicles will be removed from campus property with the assistance of the Riley County Police Department.

SECURITY CAMERAS

Security cameras provide video of the exterior doors of the residence halls, Howie's Activity Center, Joliffe Hall, and the student parking lot.

FIREARMS ON CAMPUS

Fire arms are not allowed in any building on MCC's campus. Only the College's president has the authority to provide an exception to this zero tolerance policy.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

TIMELY WARNINGS TO THE CAMPUS COMMUNITY

Should a situation arise, either on or off campus, that in the judgment of the administrative council constitutes an immediate or impending threat, a campus wide warning will be issued immediately via the college's Alert System. Students and employees must sign up for this warning system via the MCC Alert link on the MCC web site, www.mccks.edu.

In the event that, in the judgement of the administrative council, an immediate emergency notification could compromise the safety of the community and/or efforts of public officials to assist a victim or to contain, respond to or otherwise mitigate the emergency, notification may be delayed.

The Vice President for Academic Affairs has the responsibility for initiating the notification system after consultation with other members of the administrative council who are available on campus at the time the situation occurs. In the absence of the Vice President for Academic Affairs, the registrar will implement the notification system at the direction of the administrative council.

Depending on the circumstances, important information may also be relayed through group meetings such as residence hall gatherings, chapel, and/or specially called campus meetings. Information will include the occurrence of any crime considered a threat to students and employees that is reported to campus employees or local law enforcement agencies. Such crimes include murder, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, manslaughter, and arson. Information of import to the community at large is communicated through local radio stations.

EVACUATION PROCEDURES

The College conducts a minimum of four unannounced evacuation drills per year. These drills are used to educate and train members of the MCC community in evacuation issues specific to each building, such as the location of the nearest exit and where to gather outside of the building. Signage in buildings directs students and staff to the nearest exit. Students are given additional information regarding evacuation procedures during residence hall meetings held at the beginning of each semester.

SECURITY AND SAFETY POLICIES

MISSING STUDENT POLICY

Any member of the campus community who believes a student to be missing based on changes in usual routine should immediately notify the office of the Vice President of Student Life. This office will generate a missing person report and initiate an investigation within 24 hours. The following information will be collected at the time of the report: the name and relationship of the person submitting the report, the last date, time and location the missing student was seen, the general habits of the missing student, any recent observed changes in behavior, and the student's current contact information.

The investigation may include disseminating information regarding the missing student to appropriate college employees, interviewing other students, searching the student's residence, and attempting to contact the student by phone or text.

Should the investigation determine that the student has been missing for 24 hours, the student's emergency contact will be notified. A report will also be filed with the Riley County Police Department.

SEXUAL VIOLENCE and VIOLENCE AGAINST WOMEN (VAWA)

Manhattan Christian College has developed a Title IX Policy and Complaint Procedure to provide an avenue for those who have been the target of or who witness Sex-Based Misconduct to report such Sex-Based Misconduct without fear of Retaliation. The following information is derived from MCC's Title IX Policy and is supplemented as necessary for purposes of this report with additional information regarding MCC's practices related to domestic violence, dating violence, sexual assault, and stalking prevention. Additional information regarding MCC's Title IX Policies is available on the College's website. A full copy of MCC's Title IX Policy is available through the office of Student Life.

No form of sexual violence or harassment is tolerated or condoned at Manhattan Christian College. The acts outlined below are considered acts of sexual violence and are prohibited when they are not mutually consensual. To be consensual, the persons consenting must act freely and voluntarily and have knowledge of the nature of the act involved. The determination regarding the presence or absence of consent shall be based on the totality of the circumstances present in a particular case, including the context in which the alleged incidents occurred. Consent will not necessarily be inferred from silence or passivity alone. An act is nonconsensual if the victim verbally or otherwise indicates refusal or is overcome by force or fear, is unconscious or physically powerless, or is incapable of giving consent because of mental deficiency or disease or because of the effect of alcoholic liquor, narcotic drug or other substance, which condition was known by the offender or was reasonably apparent to the offender.

Examples of Prohibited behavior:

- Physical assault
- Unwanted sexual advances, requests for sexual favors or propositions of a sexual nature
- Direct or implied threats that submission to sexual advances is a condition of employment, promotion, good grades, recommendations, etc.
- Unwelcome verbal or physical conduct of a sexual nature which an individual regards as undesirable or offensive
- Rape

For a complete description of various forms of sexual offenses under Kansas State law, the reader is directed to K.S.A. Chapter 21 Article 35.

In addition to the above cited prohibited behaviors, the following acts of violence against women are also expressly prohibited within the MCC community.

- Domestic Violence: defined as a felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim, a person with whom the victim shares a child in common, a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, a person similarly situated to a spouse of the victim under the

domestic or family violence laws of the jurisdiction receiving grant monies (under VAWA) or any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

- **Dating Violence:** defined as violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the following factors: the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.
- **Stalking:** defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others, or suffer substantial emotional distress.
- **Sexual Assault:** defined as any offense that meets the definition of Rape, Fondling, Incest or Statutory rape.

Sexual assault prevention programs are directed through the Office of Student Life. Students may also attend programs on sexual harassment, sexual violence and assault prevention measures offered through the Women's Center at Kansas State University which are publicized in the daily University newspaper distributed on campus.

Filing a Complaint. Victims of sexual violence, domestic violence, dating violence, stalking, or any other form of sexual harassment are encouraged to report the incident to a residence hall supervisor or any other MCC employee with whom the student feels comfortable. In the event of a sexual assault, it is important that the victim do the following: refrain from showering, changing clothing, or disturbing the location where the assault occurred (to preserve as much evidence as possible.) The residence hall supervisor (or any other MCC employee with whom the student feels comfortable) will in turn assist the victim in notifying the office of the Vice President for Student Life. The Vice President for Student Life, or designee, will assist the victim in finding appropriate counseling. If adjustments in a course schedule or in residential, work, or transportation arrangements are requested, MCC will work with the student to accommodate any reasonable change.

Complaint Review Procedures. Campus disciplinary actions in the case of an alleged sex offense involving MCC students ensure that both the accuser and the accused have equal opportunity to have others present during the disciplinary proceedings. Throughout the review process, the Vice President of Student Life or designee will keep both the complainant and respondent as fully informed as is reasonable regarding the process.

Resolution of sexual violence complaints will be adjudicated in the following manner: The student making the complaint, or complainant, must file a written notice of complaint with the Office of Student Life as soon as possible after the incident occurred. A designee from the Office of Student Life will be assigned to assist the complainant in developing a fully detailed report of the incident. A copy of the written complaint will be provided to the person accused of the assault, or respondent, who will be provided an opportunity to respond in writing. If the respondent provides a written response, a copy will be given to the complainant. A designee from the Office of Student Life will assist the respondent in preparing a written response, answering questions and concerns, and making appropriate referrals.

The Vice President of Student Life, or his designee, will review the reports and convene a two member panel to determine whether college policy has been violated. The complainant and the respondent shall each have the right to provide to the panel a list of witnesses that the panel may interview, and to have a support person present when the complainant or respondent is before the review panel. This person may advise the complainant or respondent, but may not speak to the panel. If this person is an attorney, the Office of Student Life must be notified 24 hours in advance of the hearing. The panel will interview the complainant, the respondent, and relevant witnesses. Both the complainant and respondent have the right to respond in person before the panel to the other party's description of the alleged event and to witness' statements prior to the panel making its final determination. All hearings will be audio taped. If both parties agree, both parties will be present at the hearing at the same time. If both parties do not agree to be present at the same time, each party may view the other party's statement via audio tape and may be present at the hearing during other times. Questions from each party to be posed to the other party and/or to witnesses may be submitted to the review panel for consideration.

The hearing panel will determine, after the gathering and reviewing of all the evidence, and based on the preponderance of evidence, whether a violation of College policy has occurred. If the panel does not determine that a violation of the Policy has occurred, the following measures will be taken: A written letter of findings will be made from the panel to the Vice President of Student Life or designee. Both the complainant and the respondent will receive letters from the Vice President of Student Life or designee outlining the steps that have been taken in the review process and an explanation of the outcome of the review.

If the panel determines that a violation of College policy has occurred, the following measures will be taken: A written letter of findings will be made from the panel to the Vice President of Student Life or designee; sanctions will be devised in accord with the seriousness of the behavior. Sanctions may range from warning to expulsion from the College. Previous findings of a violation of the Policy establishing a pattern of behavior may be considered in determining sanctions. Both the complainant and the respondent will receive letters from the Vice President of Student Life or designee outlining the steps taken in the review process, an explanation of the determination made and the sanctions imposed. (If the alleged victim is deceased as a result of the crime or offense, the college will provide the results of the disciplinary hearing to the victim's next of kin, if so requested.)

Appeal Process. Complainants and respondents who believe that a satisfactory resolution of the alleged incident has not been reached by the review process may appeal the panel's decision on the record directly to the College president. The written appeal must be received by the president by 5:00 p.m. on the seventh calendar day after receiving the notification letter from the Vice President of Student Life or designee.

Confidentiality. The Office of Student Life will make every reasonable effort to protect the confidentiality of a victim of violence. However, there are situations where the College has a legal and ethical obligation to disclose information regarding certain alleged events to protect the safety of the campus.

Individuals involved in the review of a complaint under this policy will maintain confidentiality to the greatest extent possible consistent with preventing future actions of sexual violence, providing a remedy to persons injured by sexual violence, and allowing the respondent to reply to a complaint if any action is anticipated.

CRIME STATISTICS

The Campus Crime statistics outlined below focus on specific crimes outlined in the Clery Act that have been reported to have occurred on the Manhattan Christian College campus or on the public sidewalks and streets adjacent to the campus. These statistics are also reported to the federal government. That report may be accessed at <http://ope.ed.gov/security>.

Crimes are reported based on geographic location. Those locations are described below. MCC students may or may not be involved in the reported crimes.

On-Campus Geography

On campus geography encompasses any building or property owned or controlled by MCC within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution's educational purposes, including residence halls. It also includes any building or property that is within or reasonably contiguous to properties identified as on-campus property that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor.)

Property is considered to be reasonably contiguous if it is treated as an integral part of MCC's main campus and is covered by the same security policies as the main campus. The phrase "directly support, or relate to, the institution's educational purposes" refers to the function of the building or property. This includes student housing.

Based on the definition of terms related to on campus geography, the following properties are classified as on campus geography for Clery Crime Reporting:

- 1407 Anderson (Jolliffe Hall)
- 1415 Anderson (Coffin Hall)
- 1401 Laramie (Activity Center)
- 1427 Laramie (Campus Center)
- 1606 Laramie (Shop)
- Heritage Court
- Bell Tower, green space and parking lot located in the area surrounded by Anderson Ave, 14th Ave, Laramie Street and western edge of the parking lot (Not to include the public sidewalks).
- Green space and parking lot located in the area between Laramie St., 14th Ave, Fairchild Ave, and 16th Ave. (not to include the public sidewalks).

A student housing facility is defined as “any student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus”. The following properties are identified as On Campus Student Housing Facilities for Clery Act Reporting:

- 601 N. 14th
- 1442 Fairchild

Public Property Geography

Public property refers to property owned by a public entity, such as the City of Manhattan or the State of Kansas, and includes all thoroughfares, streets, sidewalks, and parking facilities that are within the campus or immediately adjacent to and accessible from the campus. Public property includes the sidewalk adjacent to the campus, the public street, and the sidewalk on the other side of the street. It does not include anything beyond the second sidewalk.

Based on the definition of terms related to public property geography, the following properties are classified as public property for Clery Crime Reporting:

- Anderson Avenue, including the sidewalks on the north and south side of the street, from the edge of 1415 Anderson on the west to the corner of 14th St. on the east.
- 14th Avenue, including the sidewalks on the east and west sides of the street, from Anderson Avenue to Fairchild Avenue.
- Fairchild Avenue, including the sidewalks on the north and south sides of the street, from 14th St. to the west edge of the driveway at 1606 Fairchild.
- 16th Avenue, including the sidewalks on the east and west sides of the street, from Fairchild to Laramie Street.
- Laramie Street, including the sidewalks on the north and south sides of the street, between 16th and 14th Streets.

Non-campus Property Geography

Non-campus property is defined as any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

MCC has written agreements to lease various facilities for athletic events. Crime statistics for the days and times that MCC is in control of the facilities (based on the written agreement) are included in this report.

The college has no officially recognized student organizations with off-campus locations.

FIRE REPORT

2020

Includes Crime Statistics
for calendar years 2018,
2019, and 2020

The Manhattan Christian College campus includes two residence living halls for MCC students; Johnson Hall and Kenoyer Hall. This section of the report presents information and statistics regarding fire safety in these residence halls.

FIRE SAFETY SYSTEMS

The following table offers a description of the fire safety and control systems in each of MCC's residence halls.

Building	Johnson Hall (601 N 14 th)	Kenoyer Hall (1442 Fairchild)
Fire Extinguishers	X	X
Fire-rated corridors/fire doors	X	X
Fire-rated exit stairs	X	X
Smoke Detectors	X	X
Sprinkler system		X
Audible Fire Alarm	X	X

BUILDING and EQUIPMENT INSPECTIONS

Each building is inspected annually by the State Fire Marshall. In addition, fire suppression systems are professionally tested each year. Fire extinguishers are inspected by maintenance personnel on a monthly basis.

POLICIES ON PORTABLE ELECTRICAL APPLIANCES, SMOKING, AND OPEN FLAMES

Air conditioners, space heaters, halogen lamps with an exposed bulb, or any appliance with an open heating element (including toaster ovens, hot plates, grilling appliances, sandwich makers, etc.) are not permitted in the non-public spaces of MCC residence halls. However, microwave ovens are allowed. Smoking is not permitted in any area of MCC residence halls. Open flames or any devices that produce an open flame (such as candles and incense) are not allowed in MCC residence halls, regardless of whether or not they are lit. The use of prohibited appliances, open flames, or smoking may result in fines or other disciplinary action.

FIRE SAFETY EDUCATION AND TRAINING POLICIES

Students and all employees associated with residence hall living participate in fire safety training each semester. The purpose of the training is to familiarize residents with the fire safety systems in their specific residence hall, including various evacuation routes. Residents are given direction as to where they should gather in the event of an evacuation and the process for ensuring that no one remains in the building. Students are also trained on the appropriate use of fire extinguishers and how and when to report a fire. The training is provided by personnel in the Office of Student Life.

FIRE DRILLS

Unannounced fire drills are performed in the residence halls as part of a campus wide fire and emergency safety program. Before each drill, the local fire department is notified and representatives of the fire department may choose to be present to observe the efficiency and effectiveness of the drill. Four fire drills were held in 2020.

EMERGENCY EVACUATION PROCEDURES

In the event of a fire, MCC expects that all campus community members will evacuate the building by the closest exit, making sure that others exit with them and closing doors as they leave a room. If the fire alarm system has not already been activated, it is appropriate to trigger the alarm system while leaving the building. Only when safely out of the building should the fire be reported, either by calling 911 or the MCC Emergency Phone at (785) 477-1755.

REPORTING FIRES

As previously discussed, in the event of a fire, residents are expected to evacuate the building and then call 911 or the MCC Emergency Phone, (785) 477-1755. There may be circumstances in which a fire occurs that do not require the evacuation of the building. In those situations, after the fire has been extinguished, the fire should be reported to the residence hall supervisor who will then report the incident to the Office of Student Life. Any individual witnessing a fire or observing evidence that a fire may have occurred should report the fire to the Office of Student Life and include as much detail about the fire as possible, including the location, date, time, and cause of fire. The Office of Student Life maintains a written log of reported fires in MCC residence halls. This log is available for inspection by contacting the Office for Student Life.

RESIDENCE HALL FIRE STATISTICS

The College is required to disclose information on all fires that occur in on-campus residence halls on an annual basis. For reporting purposes, a fire is defined as “any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.” The size of the fire and the cause of the fire are immaterial for reporting purposes. There were no reported fires in Manhattan Christian College residence halls during the 2018, 2019, or 2020 calendar years.

FUTURE IMPROVEMENT PLANS

Manhattan Christian College continually evaluates the fire safety infrastructure in its residence halls and across its campus. The fire alarm and sprinkler systems in all buildings are tested annually. All systems passed inspection in 2020. No upgrades in infrastructure have been identified as necessary at this time.

Policies on usage and
resources for addiction
assistance

Manhattan Christian College is committed to the prevention of the illegal use of controlled substances and alcohol by its students and employees. Educational programs for students on the dangers of substance abuse are provided thru Orientation, small groups, and the residence halls meetings.

MCC prohibits the unlawful possession, use, manufacture, or distribution of alcohol or controlled substances by students and employees on property controlled by the college or as a part of college activities. The term “controlled substances” as used in this policy means those substances included in Schedules I through V of section 202 of the Controlled Substances Act and as further defined by regulation at 21 CFR 1300.11 through 1300.15. The term does not include the use of a controlled substance pursuant to a valid prescription or other uses authorized by law.

Any student or employee of the College found to be using, possessing, manufacturing, or distributing controlled substances or alcohol in violation of the law will be subject to disciplinary action in accordance with applicable policies of the College and the State of Kansas. Disciplinary action includes, but is not limited to suspension, expulsion, termination of employment, referral for prosecution and the completion of an appropriate substance abuse rehabilitation program.

STUDENT DISCIPLINARY SANCTIONS: The Office of Student Life is responsible for student disciplinary sanctions. A student who is determined to have violated the College’s Drug and Alcohol Policy is subject to sanctions outlined in the Student Handbook, which may include, but are not limited to suspension or expulsion from the College. The following is a summary of those sanctions.

1. Notification of Parents.
2. Suspension for three days.
3. Disciplinary probation for the rest of the semester and the following semester. This means any further violation of the student handbook may result in immediate dismissal proceedings.
4. Counseling for the offense.

Parents and/or legal guardians of students under the age of 21 will be notified after the first known violation of the college policy or state law regarding drugs, or after the first known violation involving alcohol that endangered the health or welfare of the student and/or another person. Notification will also be given following a known drug or alcohol violation that results in the cancellation of a student’s housing contract, or if the student has been referred for alcohol assessment. Notification for all other offenses involving alcohol will occur after the second known violation.

Students should be aware that a conviction related to alcohol or controlled substances may affect eligibility for federal aid (i.e. PELL grants, Direct loans).

EMPLOYEE DISCIPLINARY SANCTIONS: As a condition of employment, all employees of Manhattan Christian College, including student employees, are expected to abide by the terms of this policy statement and will notify the Vice President for Financial and Administrative Services of any criminal statute conviction for a violation occurring on property controlled by the College no later than five days after such conviction. Manhattan Christian College will, in turn, notify as appropriate, the applicable federal agency of the conviction within ten (10) days of its receipt of notification of the conviction. The college will take appropriate disciplinary action within thirty (30) days of notification of the conviction. For purposes of this policy, “conviction” means a finding of guilt (including a plea of nolo contendere) or

imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes.

Local, state and federal laws provide for a variety of legal sanctions and penalties for the unlawful possession, use or distribution of illicit drugs and alcohol. The Federal Controlled Substances Act provides penalties of up to 15 years' imprisonment and fines up to \$25,000 for unlawful distribution or possession with intent to distribute narcotics. For unlawful possession of a controlled substance, a person is subject to up to one year of imprisonment and fines up to \$5,000. Any person who unlawfully distributes a controlled substance to a person under twenty- one years of age may be punished by up to twice the term of imprisonment and fine otherwise authorized by law. Kansas law provides that any person who violates the criminal statutes on controlled substances by possessing, offering for sale, distributing, or manufacturing opiates and narcotics, such as cocaine and heroin, shall be guilty of a Class C felony. For a conviction of a Class C felony, the court may sentence a person to a term of imprisonment of a minimum of three to five years, a maximum of 10 to 20 years, and a fine of up to \$15,000. Unlawful possession of a depressant, stimulant or hallucinogenic drug is punishable as a Class A misdemeanor, with a penalty of up to a year in jail and a fine of \$2,500. Under Kansas law, persons under 21 years of age may be subject to minimum fines of \$200 for possessing, consuming, obtaining, purchasing or attempting to obtain or purchase alcoholic liquor or cereal malt beverages. Persons convicted of driving under the influence of alcohol or drugs are subject to severe fines, imprisonment, and other penalties. The local ordinances of Manhattan, Kansas, also include prohibitions relating to illicit drugs and alcohol. Generally, these local ordinances are similar in content to state law.
