

Manhattan Christian College Pet Policy:

Pets are not permitted in college buildings without the expressed written consent of the Administrative Council. Therapy animals are defined as an animal that provides emotional support to individuals with disabilities. While these animals will now be allowed in student housing, they are not permitted in other campus buildings and must be registered with the Housing and Dining Coordinator. Service animals are allowed in student housing and all buildings on campus. Service animals, also called work animals, are dogs trained to provide assistance to an individual with a disability. Therapy animals must be registered with the Housing and Dining Coordinator

All other animals are allowed outside of buildings, but they must be leashed and under the personal control of the owner at all times. They may not be secured to trees, posts, shrubs, etc. and the owner is required to clean up after their animals.

Exceptions to this policy are to be discussed with the Housing and Dining Coordinator or the Vice President for Student Life
