#### FINAL SCHEDULE POLICY

1. All students are expected to take final examinations at the time scheduled. Only in cases of extreme emergency will the published examination schedule be changed. Personal plans for after-school activities, including weddings, do not constitute emergencies. Faculty members are expected to meet with the students according to the published final period schedule. They should not make exceptions either for themselves or individual students. In case of emergency, the student should clear absences with the instructors involved.

2. If you have two finals at the same time or if you have more than two finals on any one day, please see the instructors of those classes to arrange for another testing time, if desired.
