

Anderson Village At A Glance

2.25
acres

1986
year construction completed

36,660
total square feet in building

125
parking spaces

64
student beds

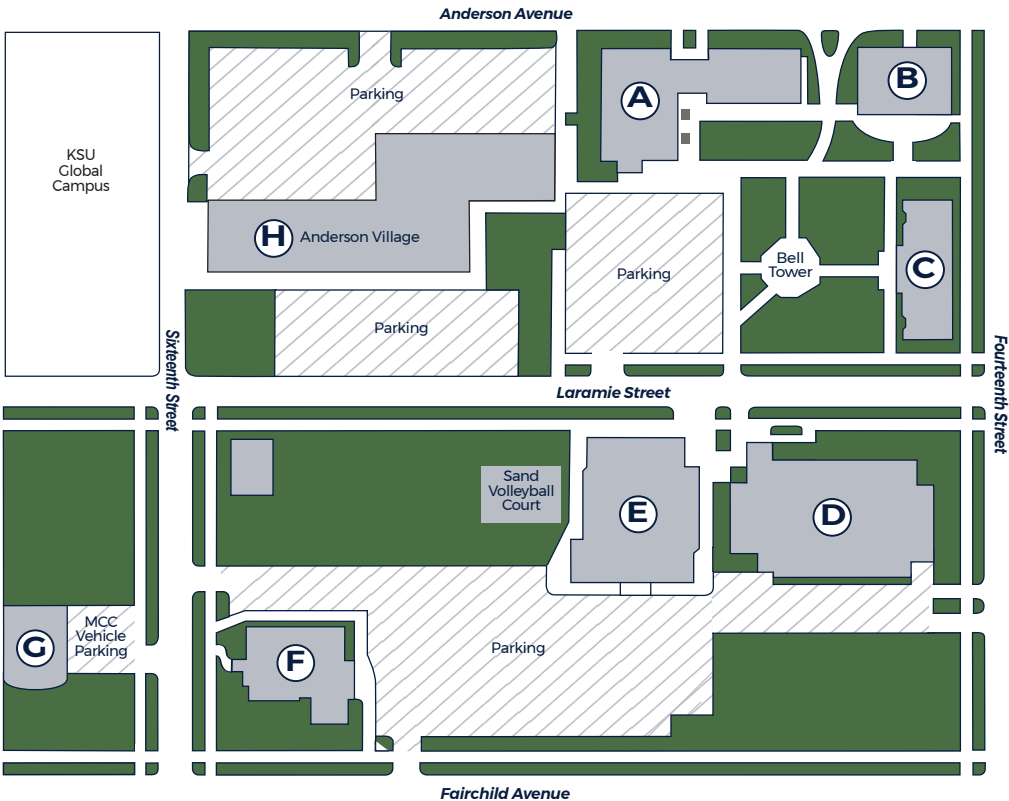

24
bathrooms

24
kitchenettes

2
community rooms

16,650
square feet of retail rental

In **October 1985** MCC sold the northwest corner of campus to raise some much-needed cash. A college friend bought the property and built the 2-story retail center known as Anderson Village. Now, 35 years later, MCC has the opportunity to **reclaim** this valuable land, **replace** the student housing provided by the 57-year old Johnson Hall, and **expand** the outreach and revenue streams of the college.
