

Cosmosphere Camp Counselor Paid NASA* Internship Program

Are you a STEM or Education major looking for a way to engineer the perfect résumé?

We've got the perfect paid internship opportunity for you!

Spend your summer as a counselor or director mentoring students from 3rd to 12th grade! Here's just a taste of some of the fun things you could do:

- Coordinating simulated space missions
- Giving museum tours of our collection of Russian and American space artifacts
- Building and launching model rockets
- Taking campers to the local YMCA for SCUBA training
- Teaching Java programming with our Sphero robots
- Leading classes on drones and drones photography
- Guiding a simulated Mars settlement 650 ft below ground at Stratatac salt mine
- And so much more!

Not an expert in some of these areas? Don't worry, we will provide you with all the training you need!

- This summer position will be 40 hours per week.
- Counselors start at \$9.50/hour
- Directors start at \$13.00/hour
- Dorms and meals provided through Hutchinson Community College.
- You must be available for mandatory training from May 31st to June 3rd.

*Partial funding provided through a grant from the NASA in Kansas--Kansas Space Grant Consortium.

SUMMER 2022

“Working as a counselor and my experience with the Cosmosphere reinforced why I love this industry and why I love working in the space industry.”

Michael Staab,
Senior Fault
Management and System
Autonomy Engineer,
Advanced Development
Programs at Blue Origin
and former
Cosmosphere Camps
counselor

TO APPLY

Email your resume, cover letter, and two references to camp@cosmo.org.

Interviews will start in February (in-person or virtual).
